

Opportunities in Cremation Memorialization

What are you doing to serve families who choose cremation?

Are you creating heritage in your property?

Are you missing opportunities?

Many cremation families desire a permanent place of disposition of their loved ones' cremated remains where family and friends can memorialize and pay their respects for generations to come. Cemeteries that evolve to serve cremation families are creating that heritage – as well as relevancy and opportunity for the cemetery.

Cremation and Burial Projections

	2014	2015	2020	2030
Cremation	46.7%	48.2%	55.8%	70.6%
Burial	47.3%	45.8%	38.1%	23.2%
